Wichita WorkCamp

Workers Guide

Place

Wichita WorkCamp is hosted at the Northside Church of Christ, 4545 N Meridian in Wichita, KS 67204. The office phone is 316.838.5200

Worksite

Worksites are places in the Wichita metro area that need renovation. We specialize in scraping, caulking and painting privately owned houses. Other projects may include covering graffiti.

Safety

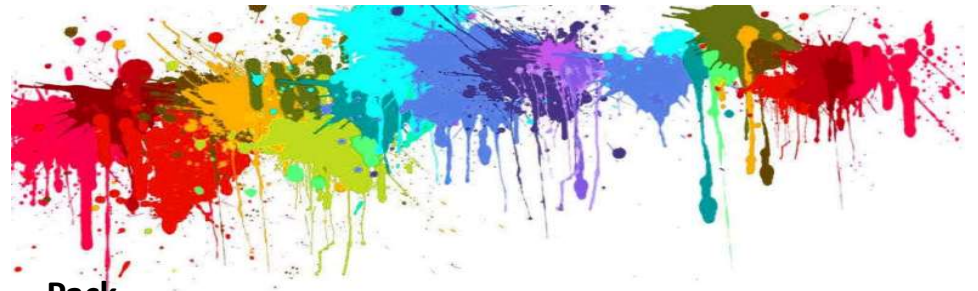

Safety is a priority at Wichita WorkCamp. We require all workers to provide emergency contacts and proof of health insurance. All work will be supervised and reasonable precautions will be made to ensure the safety of all workers. Churches are required to send one adult for every five teenagers. Students must have completed the seventh grade to participate. Work gloves, dust masks and safety glasses are provided to all workers. Some type of eye protection is required at all times at the work site. Water and lunch breaks as well as first aid kits are provided for each crew.

Wardrobe

We are ambassadors for Christ when we go into the community. Please dress modestly. During the day you will probably get paint on your clothes. Make sure your work clothes are longer, loose fitting shorts and loose fitting t-shirts. You may want to take a change of modest, casual clothes for the evening session.

Transportation

Each work crew will be provided transportation from the building to the work site and back each day. For safety and logistical reasons, teens will not be driving to and from the worksite. Teens who enrolled with housing need to coordinate transportation with both their youth leaders and housing hosts in order to be at the building at 8am. Transportation to recreation activities is organized by youth leaders for their own teens.

Pack

- Modest work clothes you don't mind getting dirty!
- No flip flops or slides.
- Modest casual clothes (recreational & devotional activities)
- Sack lunch (if you paid for housing you will have lunch provided.)
